

❖每月1日~15日，新提存資金可至「當月提撥投資選擇」選定相等或低於教職員風險屬性之單一投資標的組合

The screenshot shows the 'China Trust' website interface. The main navigation bar includes 'English', 'Home', 'Trust Services', 'Trust Funds', and 'Contact Us'. A user-specific message for 'Private School Teachers' is visible. The left sidebar contains a menu for 'Private School Pension System' with options like 'Investment', 'Risk Assessment', 'Monthly Investment Selection', 'Portfolio Adjustment', 'Investment Benefit Notification', 'Inquiry', 'My Questions', 'Change Password', 'Logout', and 'Return to Login Page'. The main content area is titled '我要投資 - 當月提撥投資選擇' (Investment - Monthly Investment Selection). It shows the user's name as '測試者流生' and risk level as '穩健型'. A table displays the investment selection: one entry with '自訂' (Self-selected) category, '2' as the security code, '穩健型投資標的組合' (Conservative Investment Portfolio) as the name, '100%' as the percentage, and '穩健型' (Conservative) as the risk level. Below the table are '儲存' (Save) and '取消' (Cancel) buttons. A red '重要說明' (Important Notice) box states that investments must be at least as conservative as the user's risk level, and that conservative investments are guaranteed by the local bank's two-year fixed deposit rate. A '備註' (Notes) section at the bottom provides instructions to click 'Save' and 'Confirm' to complete the application and notes the monthly selection period from the 1st to the 15th.
